BILL ROEDY

FOR MIAMI BEACH MAYOR

Elect a mayor who will serve us with integrity.

Bill Roedy knows what Miami Beach is capable of when it's thriving: it's the same community that made it possible for a paper boy to become the global leader of MTV International and grow the company to reach 200 countries and 2 billion people.

Today, Miami Beach is struggling with crime, traffic, and the fight against sea level rise.

We need leadership that knows how to get things done. Bill's entire life has been about taking on the toughest fights with the biggest odds. He brings people together to embrace innovative ideas and focus on real results.

Bill is running for Mayor to fix what's broken and build a better, safer Miami Beach. A place where our government works for us, not insiders, and where everyone works together to improve the quality of life.

- ✓ Fight crime and eliminate the all-night Spring Break Party
- ✓ Adopt innovative, AI-driven solutions to reduce traffic congestion
- ✓ Account for the unique characteristics of each neighborhood when planning sea-level-rise projects
- ✓ Strike a balanced approach with responsible, smart development and historic preservation efforts
