**Bill Roedy knows we have a year-round crime problem.**

*Let's face it, these aren't college kids coming to Miami Beach –*

This is about professional criminals coming into our city with illegal drugs and weapons intent on creating havoc and turning our homes, and our community, into an unrecognizable city of lawlessness.

**Bill understands if we don't stop the year-round crime epidemic, it will inevitably spill over into our neighborhoods, affect residents' lives, and denigrate the reputation of our shining city on the sea.**

- ✓ Expand our police force with a minimum of 10% more police officers and ensure our police department has all resources necessary to keep our residents safe
- ✓ Mandate installation of weapons detection systems at all nightclub and bar entrances between the hours of 10PM and 2AM
- ✓ Fully fund and complete construction of the City's real-time crime center equipped with shot spotter technology and cameras in known hot spots of criminal activity
- ✓ Require mandatory ID scanners for all patrons entering between 10 PM and 2 AM to prevent party and concert promoters from circumventing the law
- ✓ Close beach access between 5th and 15th street and Ocean Drive, as well as packaged liquor stores during Spring Break in core areas of South Beach

**“Talk won't make us safer. It's time for action.”**
